

"KATIE RUBIN: What. The Hell. Is Happening?"

In this stand-up performance, Katie Rubin turns her keen eye on Consciousness itself, Humanity, and the arrogant notion that humanity's consciousness matters. At all. To anyone.

While making us hurt with laughter, Katie will also destroy our notions of what it means to "wake up," "be a feminist" and "eat well." "Is Daenerys Targaryen the answer to Brett Kavanaugh?" she wonders aloud. Do testicles prove the presence of aliens among us on the earth today? Is Diet Coke... the answer? This is a comedy show unlike other comedy shows. Together with Katie we will laugh-ponder "What. The Hell. Is HAPPENING?"

One show only. SATURDAY, JUNE 21st at 8pm.
